Gorgeous BookBy Mystic SeerThis book is beautiful - Full color, comprehensive, and very high quality (glossy pages).I found the book a blast to read through.0 of 0 people found the following review helpful. I've enjoyed reading about the Man who inspired The Artist insideBy G. L. ForeA well done book on his life and his Art. I've enjoyed reading about the Man who inspired The Artist inside! I bout some of his Prints from his Daughter a few years back - She said he was still painting! Great to hear that!0 of 0 people found the following review helpful. WEIRD-OH galore!By Rick GoldschmidtBill Campbell is great and so is this book! Glad to have it in my collection and very nice quality! Love the cover and the graphics! It is all good and well worth picking up!

You may know Bill Campbell's name, but chances are, you know his handiwork better, especially the Weird-Ohs models that burst on the pop culture scene in the 1960s. Enjoy looking back over the career of this colorful artist in over 700 brilliant photos and witty prose. From his early days painting model box tops for the Hawk Model Company to his invention of the iconic Weird-Ohs model kits, Bill has continued to create some of the most unique artwork the world has seen. Also discover his work for national ad campaigns, editorial cartoons, his box art, fine art, and the Weird-Ohs that never were. Now much of that work has been gathered into one volume that traces the entire arc of Bill's career, including his connection to the Manhattan Project, an initiative that may well have saved his life. Much of the art is presented here for the very first time.
