Toni Carmine Salerno, Carisa Mellado : Ask An Angel before purchasing it in order to gage whether or not it would be worth my time, and all praised Ask An Angel:

1 of 1 people found the following review helpful. It's OK. The distortions of the eyes and body ...By Dr. Kathleen Olsson Nelson It's OK. The distortions of the eyes and body shapes by the artist on some of the angels was disturbing, and the messages less than compelling. OK for amateurs. 1 of 1 people found the following review helpful. Thought Provoking By G. Scorup So far I have purchased 3 sets of "Ask An Angel". One for myself and two as gifts. My cards at the office, in an accessible area where coworkers will stop by occasionally to shuffle and read a card. Some on a weekly basis. I would have to say 9 out of 10 times the card is the perfect one for the person. The cards are thought provoking. 0 of 0 people found the following review helpful. Awesome Angels! By Robi MI recently purchased the Ask

An Angel deck for a friend, since I have had mine for a couple of years now. I gifted the deck, because it is beautiful, inspirational, and the information inside is insightful and thought provoking. I have used this deck during Women's Circle meetings, and it ALWAYS brings about meaningful conversations within the group. The Angel's have wonderful messages to share! I love using this deck. I learn something new each time I open it up :-)
