The Must have Guide for the Must Have game of 2010!By Suzanne CarforaI picked up this Guide about a day after buying Assassin's Creed Brotherhood, and was very surprised when I ordered the slowest shipping possible (to save cash, I suppose :) and It arrived the next day! The guide is beautiful and looks great when standing next to my collectors edition version of the game. Everything about this guide is top notch, from the entries detailing what you need to do to finish each mission with 100% synchronization, to the art

that's included in the book. I'm not usually a big fan of Prima guides, and usually pick up Bradygames whenever possible, but I think they did a fantastic job with this guide. If you're looking for a spoiler-free way of helping yourself achieve 100% synchronization in Assassin's Creed: Brotherhood, and if you're looking for some extra tips for the awesome Multiplayer modes in the game, then look no further! Also - I've searched all over for this book, and .com has the best prices available on and off the net! GameStop and other sites are charging \$30 for this book, while you can get it from Amazon for \$20! 2 of 2 people found the following review helpful. A great buy for 20 dollars! By Richard CHonestly, I don't even really use these guides, I just think they are great to thumb through and use as a reference. I've actually been buying these hardcover collector's guides as an alternative to blowing money on stupid collector editions that come with stupid knickknacks that just get lost, broken, thrown away, never used, etc. This book is of a great quality, the assassin logo on the cover is embossed which is a nice touch the paper inside is of a higher than average quality; very thick. The guide itself is really good, it breaks everything down into sections so all the item hunting is one section, all the side quests organized into one section and the story guide into a section. It's a piggyback guide; so if you have any familiarity with them you'll have a better idea of what this offers. I think their guide organization is really good. 0 of 0 people found the following review helpful. Not satisfied By Yu Xu Yes, it's a used book, but the condition is not so good as I thought. Big light yellow water spots on the back cover, and the most unacceptable thing is the included map poster belongs to the AC Gameguide, not AC Brotherhood.
