Happy that they're still around.0 of 0 people found the following review helpful. Exceeds expectations.... wonderful gor any AC fanBy

ToxicWasteMermaidLet me just start by saying this is awesome! I expected it to be good quality but when I got it it really exceeded my expectations. The color and image quality is outstanding and all posters are printed on cardstock-like material. I expected them to be on plain glossed poster paper. I do wish there were more posters from AC2 but since I am a fan of the entire series its not a big problem. The posters are printed front back so if there are two on the same page you like... You may have trouble deciding. Great product and it would make a great gift for any Assassin's Creed fan.

Fusing a richly developed universe with thrilling action and sweeping visuals, the Assassins Creed franchise continues to enthrall video game enthusiasts and critics alike, delivering massive hits in the action-adventure genre. Packed with forty high-quality removable posters, this deluxe collection showcases the iconic imagery and concept art that combine to create the distinctive artistic quality of the games, including images from the latest installment in the series: Assassins Creed IV: Black Flag#8482. Bold and visually striking, Assassins Creed: The Poster Collection is a must-have for fans of the thrilling series.
