**Piggyback : Assassin's Creed Unity Collector's Edition: Prima Official Game Guide** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Assassin's Creed Unity Collector's Edition: Prima Official Game Guide:

2 of 2 people found the following review helpful. Unity's Trusted Companion. By S.R.I am an avid buyer of strategy guides, having purchased one for nearly all of the Assassin's Creed games and other games as well. Rarely am I disappointed, and this Assassin's Creed Unity guide is no exception as it lived up to all my expectations. As Piggyback guides are known for, you'll find a very in-depth guide with over 250 pages including a full walkthrough of the main story, side quests, side missions, collectibles, hints, tips, and everything else you will need to complete Unity 100% if

so desired. The guide has a slick smooth cover and beautiful artwork throughout and includes a story analysis chapter in the back of the book and a fold out map. Assassin's Creed Unity is a fairly large game to conquer, and while it's entirely possible to beat the game without this guide, the task is made a lot easier and more enjoyable with this guide by your side. I highly recommend it. 3 of 3 people found the following review helpful. Great for n00bs and veterans of AC! By Jeff W. I've never purchased a guide before because you can almost always find what you need on YouTube or in a Forum somewhere; however, I decided to give this one a try. I've been an avid AC fan since day 1 of the first release and I have to say, this guide increased my enthusiasm and excitement for gameplay. Now, when I get frustrated or overwhelmed by a particularly difficult mission or puzzle, I flip open this handy guide and "voila!" mission complete with 100% sync. I love it! Not only is the concept art and images great quality and the bind of the book top notch, this guide is super easy to navigate and gives you more information about the storyline not included in the game. Also, if you're new to AC, then this guide will be a wonderful supplement for the backstory leading up to Unity. Hands down, no bars, the best guide and resource for AC Unity. A must buy for casual and avid game players. 0 of 0 people found the following review helpful. PRIMA is disappointing!! By J.D. First off, the seller was GREAT! I highly recommend buying from them (I know I would). The product itself is severely lacking. In other game guides/walkthroughs, the actual memory breaks down into screen shots and what you need to do in order to be successful at achieving 100%. This guide does not do that. It provides an overview of the memory and does not provide "oh by the ways/in order to achieve" knowledge. If this is your FIRST game guide or FIRST time playing the Assassin's Creed series games, then I'd say sure, go for it. If this is not your first time or have gotten other guides, prepare to be disappointed.

**32 PAGES OF EXTRAS:** A cast gallery with signature quotes from the main protagonists.
