Dave Grossman, Kristine Paulsen : Assassination Generation: Video Games, Aggression, and the Psychology of Killing before purchasing it in order to gage whether or not it would be worth my time, and all praised Assassination Generation: Video Games, Aggression, and the Psychology of Killing:

36 of 38 people found the following review helpful. The most insightful look at what's going on with our ...By Cathleen S. The most insightful look at what's going on with our children society written in the last 50 years. The Colonel doesn't pull any punches and this should be required reading for every parent, educator or legislator. Open your eyes and wake up before it's too late. 78 of 82 people found the following review helpful. Must Read! FIVE STARS!!! By Brad J. Great book and a must read for anyone who has children and/or cares about keeping our children and country safe. Definite eye opener! LTC Dave Grossman is an expert on the subject. 51 of 54 people found the following review helpful. Excellent By Customer Lt Col Grossman delivers yet again. The definitive expert in the field of human violence.

The author of the 400,000-copy bestseller *On Killing* reveals how violent video games have ushered in a new era of mass homicide--and what we must do about it.

About the Author Lt. Col. Dave Grossman, U.S. Army (Ret.), is an internationally recognized scholar, author, soldier, and speaker. He is one of the world's foremost experts in the field of human aggression, the roots of violence, and violent crime. He is a former West Point psychology professor and is currently the director of the Warrior Science Group. His books include *On Killing*, *On Combat*, and *Stop Teaching Our Kids to Kill*.
