Great quality, holding together a collection of photographs of one of the most beautiful people to ever walk the Earth--I'm just a little bias. This new book is selling at a great price, and is worth every penny. This is a photographic journal of Audrey during the 50's, which is her most prolific decade as an actress and model. Absolutely stunning and a necessary addition to any collector's book shelf. Very proud to have this in my collection. 3 of 3 people found the following review helpful. This was a gift for my daughter (who bears a striking resemblance to the iconic actress) to add to her collection of Audrey Hepburn memorabilia.
