I would highly recommend it.2 of 2 people found the following review helpful. Not just a textbook!By emiva33I needed this book for a Ballet History class that I am taking this semester, but it has become so much more than just a text book. It's so rich in it's history of both ballet and how it is related to each particular time period and it's people!1 of 1 people found the following review helpful. Great for someone new to ballet who wants to learn more.By Dr FrancophoneCould be considered to be a textbook, where tons of information about ballet and individual ballets is explained, to bring a

novice up to speed. Great for a newby to ballet appreciation, like me and possibly you...
