Rory Foster : Ballet Pedagogy: The Art of Teaching before purchasing it in order to gage whether or not it would be worth my time, and all praised Ballet Pedagogy: The Art of Teaching:

3 of 3 people found the following review helpful. Great (well rounded and encompassing) book for ballet teachers! By AW0421I have been teaching ballet and jazz for almost 5 years. I wanted to brush up on some ballet history as well as refresh my memory (gain more insight) about the direction my ballet classes should be going. If you have a degree in dance and/or extensive teacher training, this book will probably not give you much extra guidance. If you are like me

and grew up a dancer (danced in college as well, but did not major in dance) and are now teaching, this is an excellent resource for the basic structure of ballet class. This book covers ballet history, different ballet teaching/training methods, basic anatomy, class structure, music for class, and much more. 0 of 0 people found the following review helpful. Awesome resource. I have not been able to find ...By CustomerAwesome resource. I have not been able to find much comparable materials. Greatly enhances my view and approach to teaching ballet! 0 of 0 people found the following review helpful. Wonderful book. Give nice insights as to how you ...By CustomerWonderful book. Give nice insights as to how you can teach and what he has experienced in his life without being negative or promoting one way over another.

Finally, a ballet pedagogy book for teachers of all training methods "This book, although written with the ballet teacher in mind, is equally useful to the modern dance teacher. All teachers of concert dance should have it close at hand."-- Eileen Cropley, Paul Taylor Dance Company "An original concept and a work of great necessity in the field of training in ballet. This is the best book on ballet pedagogy I have encountered."--Rick McCullough, Florida State University There are many different methods for teaching classical ballet--Bournonville, Vaganova, Cecchetti, and Royal Academy of Dancing being the most widely known. All of these methods are effective tools for presenting the technique and art of ballet. Knowing how to use these tools successfully requires more than being a devotee of the technique; it also requires the mastering of various skills. In *Ballet Pedagogy*, Rory Foster aims to share his extensive knowledge of how to teach rather than focus exclusively on what to teach. He argues that it is not enough for a ballet teacher to be well trained in technique, but that he or she must also know how to utilize pedagogical skills. Designed as both a manual for beginning teachers as well as a reference for experienced instructors, *Ballet Pedagogy* is appropriate for either followers of a single methodology or for those who have adopted a more eclectic approach to technique. Foster believes that effective teaching skills--proper demonstration, counting, correcting, musicality, anatomical approach, etc.--do not come automatically just because one has trained as a dancer. In this book, Foster--an expert in multiple ballet methods--covers all areas involving dance, from history to injury prevention, from anatomy and kinesiology to vocabulary and music. He even offers pragmatic advice on the business of starting a dance school. The result is an essential addition to every dance teacher's library.

About the Author Rory Foster is professor emeritus of dance at DePaul University. Trained with many renowned teachers in Chicago, New York, and London, he danced for five years with the American Ballet Theatre and served as ballet master for the Chicago Ballet.
