Nintendo of America : Banjo-Tooie: The Official Nintendo Player's Strategy Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Banjo-Tooie: The Official Nintendo Player's Strategy Guide:

0 of 0 people found the following review helpful. Helpful for dusting off my memoryBy J. SookI haven't played this game in 15 years or so. My memory is a tad rusty.The guide is really useful. I have vague memory flashbacks of things that I should be doing, but with this book, I actually know what to do and when. They list each task that you are supposed to be doing and number off the jigsaw pieces that are in each world. It also tells you where each Jinjo is and number them off as well.I'm currently playing this game and so far, I've found everything that I need. So, yeah, I am happy.0 of 0 people found the following review helpful. Perfect Guide For Banjo-TooieBy Michael CarverNever owned a guide like this for Banjo-Tooie. But when i got it, it was not rip off or joke advertisement when i purchased it off . This guide has everything you need to complete the game 100%. I recommend it to anyone who is eager to beat the game without any difficulties, frustration or misses. Believe me Banjo-Tooie has some pretty tough challenges and it is a long and big spread out game with many different worlds to adventure around in. This guide is indeed your friend. Coming from a gamer like me i had to beat the game without a guide 1st time. No not 100% but with this guide i say again. It really helps.0 of 0 people found the following review helpful. Need I say more?By Common Sense ReviewsThis clearly is a must have for any Banjo fans out there, in need of a guide or not. The colored pages and illustrations bring back nostalgia to any folk having privilege to experience this game at childhood.
