Four StarsBy Erek Kudlaclassic, in a new sort of way.

Following the runaway success of the original edition, this unique book collects the rest of Banksys graffiti from the last five years. With more than 100 different locations highlighted and color photographs of Banksys street art, this is a thoroughly up-to-date catalog of his most recent work. Also included with the photographs are trivia regarding each location, a full walking tour of the remaining work in Banksys native Bristol, and snippets of graffiti by several other artists.

Are you a big fan of Banksy and got no plans this summer? Then this is the perfect book for you. A no-nonsense travel guide to all his London locations. Waterstones
