as an adult here I am collecting the clothes. Pictures show complete outfits. The only thing I wish is that the book had an index instead of numbered pages to list the outfits. Also pricing needs to be updated . I wish they had a updated version. I recommend this book to anyone who collects. Now I am more knowledgeable on what to look for and buy for my collection.6 of 6 people found the following review helpful. **A MUST FOR THE BARBIE DOLL COLLECTOR!!**By C. C. ScottFor any serious collector of vintage Barbie doll, this book is the best resource available. I have many other books on early Barbie and her fashions, but this volume is the one that I consistently use. It is an accurate, comprehensive chronology of Barbie doll, her family and friends from 1959 through 1967. The photographs alone are worth purchasing the book. The colors are vibrant and crisp. Each fashion is pictured with all of its original components. This is of great value to the collector in putting together an outfit. I keep this book by my computer for reference when making vintage Barbie doll purchases or bidding on online auctions. I cannot imagine collecting Barbie doll items without it!0 of 0 people found the following review helpful. Worth your time if you want to see lots of truly vintage Barbie stuff...By Gail M. GaryFun book with lots of photos. I wish they were in color, all of them! But what can you do. Still a cool book, and deals with an interesting side trip: true Barbie rarities. (I wish this could be updated!)There's a lot more out there about Barbie now since this book first showed up on the scene (I owned it back when it first came out, but had to sell it when I got poor, so this is a repurchase and I'm glad to have it again), but you can't go wrong with this one if you can get it for a good price. You'll enjoy it a lot. Hey, it's cool old Barbie stuff.

This beautiful, entertaining book features hundreds of full-color photos of Barbie doll fashions, detailed descriptions, and current values. A stylebook of fashions complete with all accessories. 2004 values. **AUTHOR BIO:** Sarah Sink Eames's favorite plaything as a child grew into a lifetime of Barbie doll collecting.
