**BradyGames : Batman: Arkham City Limited Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Batman: Arkham City Limited Edition:

13 of 13 people found the following review helpful. Great Collector's Item; Average GuideBy Abell knew I had a 50/50 chance of getting the cover I wanted. When I opened the package and realized I got the Catwoman cover... I was elated! The Batman cover has the same image found on the game disc and manual. Why would I want more of the same? Plus, I found playing as Catwoman extremely fun and am happy to have her on the cover as memorabilia.PresentationThe cover and lithographs are very attractive and of amazing quality. The poster is a single double-sided one; two separate ones would have been better. The guide pages are thick and vibrant.The GuideFirst of all, there is nothing here you cant find in an online guide, for free. That being said, this guide is a helpful... to a degree. I did notice that tips for completing challenge rooms are very general and many of the Trophies/Achievements lack any tips at all. DLC: The map packs are covered, but Robin and Nightwing are not. They have unique gadgets and you wont find any help for using them in this guide. Collectables: The main ones (Trophies and Riddles) have photos, but unfortunately, the side ones (penguins, Harley heads, etc.) are only icons on a map. Walk through: I won't be using this (why read the game when you can play it?), but it does seem thorough.The extras (Lithographs, beautiful cover, etc.) is what really makes this a great purchase.1 of 1 people found the following review helpful. Fantastic ArtBy NiedduccianoAesthetically, I love this game guide. But, I will say that unless you are using this game guide every step of the way, it can be difficult to find the spot in the book that corresponds to where you are in the game.Pros:- Boss

fights are broken down and easy to find via the table of contents- Directions are relatively easy to follow with only very few exceptions- Visually stunning art work- Lithographs that come with this game guide are really cool  
Cons:- Difficult to find the spot in the book that corresponds to where you are in the game  
Off the top of my head, that is the only negative thing I have to say about this game guide. I have enjoyed looking through it, and when I do find where I'm at, it is most helpful. Overall, I would recommend buying this game guide to anyone who wants the collectible lithographs and cover art. If you're looking for a good quality game guide, but don't care about the art, then get the standard version.

By Daniel C. Like a number of reviewers, I was frustrated by the seeming lack of choice in specifying my preferred cover. I may have discovered a solution. Granted, you have a 50/50 chance of getting the cover you want anyway, but I think doing the following will put the odds in your favor.  
Before you submit your order, click on "Add Gift Options" on the left side of your screen. On the subsequent page there is space on the right to write a note. That's where I very politely asked for the Catwoman cover in capital letters. Lo and behold, that is what I received. I tend to think that whoever packed my guide listened to my request, because my gift note was not included in the package. In any case, it can't hurt to try.  
Best of luck to everyone, and I'd love to get feedback from others who try this.

BradyGames Batman: Arkham City Limited Edition Strategy Guide includes the following: Join the Dark Knight as he soars into Arkham City, the new home for all of Gotham City's thugs. The sequel to Arkham Asylum brings together an all-star cast of heroes and villains. -Different Pearlescent Collectible Covers! -Numbered lithographs featuring exclusive artwork. -Centerfold featuring Harley Quinn and Catwoman! -The walkthrough chapter covers how to subdue the villains attempting to stop Batman. It reveals the ultimate path through each level and the best tactics to employ. -Learn which gadgets work best and how to deploy them for maximum effect. -Area maps detail all the available item locations.
