Awaken the wonder of questions and experience...By IshmaelWhat we are is not always something of a battle of the outside but a focus of reason from the inside. What are the reason we are the way we are from the inside out? How are the best choices misled by are bias and are human error's? What

happens when are best intention's are taking the wrong way and life must move on and be lived none the less? Its a play Ian does some amazing work with it.

Father David Anderton is assigned to a crippled Scottish town on the Ayrshire coast, where sectarianism is rife. He is a cultivated if naive and unworldly man, ill-suited to his new parish. Drifting from his peers, he is drawn to Mark and Lisa, a feral teenage couple who attend the nearby school. Their untamed nights of booze and drugs are as exotic and entrancing to him as his solitary and cloistered life is to them. But, as events take a perilous direction, this combustible liaison will leave Father David's world in pieces. Adapted for the stage by Ian McDiarmid from the Booker Prize nominated novel by Andrew O'Hagan, *Be Near Me* premiered in a co-production between the National Theatre of Scotland and the Donmar Warehouse in January 2009.
