Joe Cuhaj : Beatlepedia before purchasing it in order to gage whether or not it would be worth my time, and all praised Beatlepedia:

1 of 1 people found the following review helpful. THE CD-ROM BEATLES FANS HAVE BEEN PRAYING FOR!By BeatleBangs1964I love this CD-Rom. I really do. It is a work of creative genius. The best part about this user friendly, action packed treat is the interaction involved. The trivia game is loads of fun and will make even the most seasoned Beatles fan work a bit harder! It is truly a treat. For those who need good gift ideas, I highly recommend this one. This is wonderful.2 of 2 people found the following review helpful. Beatlepedia CD ROM ReviewBy Curtis BurdickJoe Cuhaj's Beatlepedia CD-ROM provides hundreds of pictures, making collecting a breeze. It also contains a trivia game, rare video clips, and internet links even non-collectors will find fascinating. Especially useful is the quick lookup to every single Beatles album (British and American collectibles) and Beatles solo efforts, such as Paul's performance with the Beach Boys. Mr. Cuhaj provides a plethora of facts while maintaining a friendly and simple to use interface. I highly recommend this CD ROM to Beatle fans, collectors, music lovers, and trivia enthusiasts alike.

The first multimedia guide to collecting Beatle recordings and memorabilia with full color photos, trivia games, internet links, videos, and more.

About the AuthorJoe Cuhaj: A former radio DJ, Beatle and music collector, and now a computer programmer. Hails from Paterson, NJ, but came to Mobile, AL in 1980 where his wife's family is from. Left radio in 1991 because his wife thought having food on the table was better than having fun on the radio. Graduated from the University of South

Alabama in 1994 with a BS in computer information systems. In 1998, tired of doing accounting systems for other people, Joe began putting together BEATLEPEDIA along with 2 other titles that will be available later in the year.
