Barry Miles : Beatles: A Diary: An Intimate Day by Day History before purchasing it in order to gage whether or not it would be worth my time, and all praised Beatles: A Diary: An Intimate Day by Day History:

0 of 0 people found the following review helpful. "Insanely detailed and irresistible" By Kiwi840I own dozens of Beatles books and this is by far my favorite. The full page photographs are stunning. Many of them I had never seen before. I was delighted to find reproductions of newspaper articles from the U.S. tours and candid pictures on every page. In addition to the detailed chronology of gigs, venues and memorable dates, there are interview transcripts, extensive quotes and fresh insights, and page after page of revealing stories told by the Beatles themselves about what it was like to be a part of popular music's greatest success story. If I could only have one Beatles book, this would be the one. It is a treasure of a book that I will enjoy again and again. 2 of 3 people found the following review helpful. Like I was There By Jay T. Doski I didn't know what to expect when I purchased "The Beatles, A Diary: an Intimate Day by Day History". After I started reading, I couldn't put it down. I read right through it in 2 days. I loved it. I felt like I was traveling with the Beatles in their daily journey's. Really cool. I even used it as a reference after I watched a documentary about Elvis which mentioned the Beatles meeting with the King. There's no doubt that I'll read it

again....this book will always be apart of my collection. It will never be sold!!1 of 2 people found the following review helpful. Very pleasedBy Heather M. CoxThe book arrived on time, with slight wear to the bottom cover page. Looking inside,I saw a publication date of 1998, which is puzzling since this is supposed to be aNEW book. Overall though, I am satisfied.

No-one knows The Beatles inside story like Barry Miles, and no-one has had access to anywhere near as much intimate detail. Far more than a simple chronology, this book is pop music's greatest success story told just as it happened.

'an insanely detailed by irresistable affair. Q
