David, and Maslov, Norman Bacon : "'BEATLES'" ENGLAND' before purchasing it in order to gage whether or not it would be worth my time, and all praised "'BEATLES'" ENGLAND':

1 of 1 people found the following review helpful. The Beatles England.. fantastic bookBy KateI loved this book.. the photos are excellent. I wished it were longer.. It was pleasurable short read and one that I will go back to often..1 of 1 people found the following review helpful. For the Arm Chair Traveler Beatles Fan!By MazzyThe Beatles England: A Travel Guide to the Beatles Homeland (OUT OF PRINT NOW)When the Beatles England was first released in 1982, it was the first and only visual travel book showcasing the Beatles' homeland in its entirety. There was no other publication of its kind and little or no official Beatles related tourism anywhere in the United Kingdom. The book went out of print in 1987.The Beatles England showcases Liverpool, London along with a Daytripping section which covers Hamburg and other sites throughout the English countryside. From their birthplaces, early club locations and sites that inspired their songwriting in Liverpool (Penny Lane Strawberry Fields) to Abbey Road, Apple Records and film locations throughout London, the Beatles England is a arm chair visual reference book and in-hand guide book.1 of 1 people found the following review helpful. BewareBy Jeff J.This book is from 1982. I have it on my bookshelf. If it hasn't been updated since then, you may be in for some disappointment. A HUGE majority of the places listed are gone, or the companies inside them have moved. With the internet, there are many better up-to-date sources of

information. That being said, it is a cool book.
