A few facts that let you see the other side of this popular group.0 of 0 people found the following review helpful. Good cofe book !By Raul Lopez DiazNice little book with quotes and facts about the Beatles. I got this book from years ago and when I pick the book I always read

something interesting in the facts. Not a "deep inside" book, with details, but for the price, is ok !1 of 1 people found the following review helpful. A quick read, nothing newBy TommyI bought the Kindle version of this book. Nothing really new in this book, a fairly quick read. If you've read any of the more extensive Beatle books you can skip this one. If not it may be worth it if you're looking for a fast, brief reference. But there is much more info in the better bios out there. I gave this an "O.K." rating.

John, Paul, George and Ringo still rule! The music of the most important and popular group ever fills the airwaves to this day, winning a new generation of fans to the fold almost thirty years after the quartet disbanded. For everyone who has ever been entranced by the Beatles' joyful, electrifying magic, Every Little Thing offers a treasury of fascinating facts, trivia and remarkable behind-the-scenes revelations from the wild days and wilder nights at Germany's Cavern Club to their last day together in the recording studio. Here is a book packed with choice, little-known tidbits about the "Fab Four:" the groundbreaking album they recorded in one session; the famous faces that were removed from the "Sgt. Pepper" cover; the misunderstanding that sparked an explosive political melee in Manila. Aficionados will flock to this incomparable volume, which provides everything you ever wanted to know and more about the phenomenal group that changed popular music forever.
