**Helen Spence : Beatles Forever** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beatles Forever:

0 of 0 people found the following review helpful. a beatles photo enthusiast must!By Gregory Shaferi've known and owned this book since i was a kid. no put-down intended but the writing is same ole stuff and inconsequential. which is ok since it pretty much a photo book. if you are die-hard,have to see all beatles pics than you have to have this.i'm familiar with this with the paperback writer on TOP cover by helen spence. but if its the same book-get it. soo many unseen photos and mostly in clear,large beautiful color.

this is for a hardcover book
