From Music Publications : Beatles Greatest Hits for Harmonicas before purchasing it in order to gage whether or not it would be worth my time, and all praised Beatles Greatest Hits for Harmonicas:

This book makes available for the first time some of John Lennon and Paul McCartney's greatest songs arranged for harmonica. A unique feature is the double numbering system which makes most of the selections playable either on chromatic or diatonic (blues harp) harmonicas. If you play blues harp, use the arrows with the upper set of numbers in italic face. An up arrow means blow; a down arrow means draw. On chromatic harmonica a circled number means push the slide in.
