Ken McNab : Beatles in Scotland before purchasing it in order to gauge whether or not it would be worth my time, and all praised Beatles in Scotland:

2 of 2 people found the following review helpful. This book completes the Beatles Story By Mondo Every Beatles fan knows they backed Johnny Gentle on his tour of Scotland just prior to their fame. I've always wondered what happened on that tour? Where did they play? What was the set list? What did people think of them? It's all in this fantastically compelling book. Interviews with people who were there. And who knew John Lennon's closeness to Scotland? He had relatives there and spent many happy holidays with them. (and that was where he was heading when he had the bad car crash during the Abbey Road recording sessions) The book also covers Scots who had associations with the Beatles-like Lulu, Lonnie Donegan, Davey Johnstone (Elton John Band) and Donovan etc. I've read a lot of books on the Beatles-but this one has so much NEW material it stands out. Highly recommended! 1 of 1 people found

the following review helpful. Hard to find book made easyBy DelticTried to get this directly through but I received a message that it was no longer available. A further search on turned up several sellers who had copies. This seller had the lowest price. Book arrived within a few days in mint condition. Probably not a book for the casual Beatles fan but if you love the Beatles as much as I do then you'll want this in your already massive collection of books on the Fab 4. Nice photographs in the book also. Excellent service from this seller.0 of 0 people found the following review helpful. Five StarsBy Sandy CampbellGreat gift for the Beatles fan of Scottish descent.

The Fab Four: George, John, Paul and Ringo, a quartet of working-class kids whose magical songs and revolutionary influence still inspire four decades on. More has been written about The Beatles than any other rock group in history and every moment of their lives has been captured, celebrated and analysed. It is difficult to imagine that there remains anything new to say, but lifelong Beatles fan Ken McNab reveals for the first time, in intimate detail, the pivotal part Scotland played in the genesis of the group and the extraordinary connections that were fostered north of the border before, during and after their meteoric rise to unprecedented fame.McNab follows The Beatles as rough and ready unknowns on their first tour of Scotland in 1960 and again, in 1964, as all-conquering heroes. He also discovers that the momentous decision to break up the band was made in Scotland. The personal association to Scotland is highlighted too with details on the McCartneys lives in Mull of Kintyre and Lennon s childhood holidays in Durness. With these new and previously unheard stories, The Beatles in Scotland will appeal to any Beatles fan. It s a fantastic celebration and a uniquely Scottish magical mystery tour.The book contains eyewitness accounts and previously unheard anecdotes from the band s Scottish tours. You will discover the truth about McCartney s Kintyre drug busts and Lennon s Highland car crash. McNab pays tribute to the Scots who helped create the myth of the Fab Four including legendary photographer Harry Benson.

A handsome hardback custom built for the Christmas stocking of every rock dad north of Berwick, --Sunday TimesOne of the most audacious additions to Fab Four literature, --The HeraldAbout the AuthorKen McNab is a lifelong Beatles fan and well-respected journalist with Scotland s Evening Times. He lives in Glasgow with his wife and children.
