Neville Stannard : Beatles: The Long and Winding Road : A History of the Beatles on Record before purchasing it in order to gage whether or not it would be worth my time, and all praised Beatles: The Long and Winding Road : A History of the Beatles on Record:

1 of 2 people found the following review helpful. Better books available...By L. BullockHowever, there are some very interesting advertisements and such. Book feels very dated (as it should since its copyrighted in the eighties)but has a charm that works for a die-hard Beatles fan. Casual fans will be disappointed, but I imagine the casual fan isn't buying discographies anyway. Get it cheap if you can, it isn't worth much more than about eight bucks.3 of 3 people found the following review helpful. The Absolute Discography for the Beatles!By A CustomerWith Pictures of every English and US Album Released...and info on every single, who could ask for more in a Discography? All the "bitties" you could shake your stick at, rumors, band info, and more. Follow the orgins of the "Paul is Dead Story" Unfortunatly this book is only good to learn facts about the Beatles Music no one really needs to know...unless you are an ultimate fan...then go for it!
