Very good book By Barry Corbett This book covers a very important part of Bettie Page's modeling years. A must have for fans of her and Bunny Yeager.

A treasure trove of never-before-seen playfully erotic photos of legendary pinup girl and style icon Bettie Page, from cult pinup photographer Bunny Yeager. Bunny Yeager has long been credited for capturing Bettie Page's true

natureher flirtatious and playfully erotic sidein classic pinup images that continue to influence photography and fashion today. This collection, culled from Yeagers extensive archive, features her most iconic shots of the legendary Bettie as well as never-before-seen images, including many nudes, which by all reports is how Bettie was most comfortable. Yeager was a young pinup photographer in 1955 when she hit the jackpot with her shot of Bettie scantily clad in a Santa hat, which sold instantly to the fledgling Playboy magazine. It was the beginning of a long collaboration between the two women, and Yeagers photographs of Bettie have now been featured on more magazine covers than those of her contemporary, Marilyn Monroe. This glamorous book gathers more than two hundred lens-fogging photographs of Bettie embodying the naughty girl-next-door eroticism of pin-up culture, with such playful chapters as: "Jungle Land," "Nutty Cheesecake," "Sweet and Savage," and "She Devil." A fun and sexy volume, this is the most comprehensive book on Bettie Page to date.

"More than 250 previously unpublished photos by Ms. Yeager are collected in the coffee-table book Bettie Page: Queen of Curves, with text by Petra Mason, to appear in October."-New York TimesBettie Page: Queen of Curves, features previously unreleased photos of Page. Indeed, youll notice that one of the many things that sets Page apart is her expert grasp of how to accentuate her "holy shit!" figure. She was often lifting, reaching, stretching, twisting, and rejoicing. Maybe it's this obvious confidence and unabashed joy all despite the many challenges Page faced in her impoverished, abusive childhood that makes Bettie so appealing to women. In fact, women make up the majority of Pages fan base, according to filmmaker Mark Mori, director of the documentary Bettie Page Reveals All. She inspires females of all sizes and shapes to embrace and express who they are, as they are. Refinery29"Last year, Miamis Bunny Yeager Studio opened, and the photographer was working on a collection of never-before-seen Page shots, calledBettie Page: Queen of Curves,which will be published in September to coincide with the 60th anniversary of their first photo session..."-The Daily BeastYou Have To OwnQueen Of Curves is the application of Bunnys philosophy and talent put to the test. The curation is gorgeous, the layout is a mid-century minimalist homage, and there are over 250 pages of photos of all kinds. Petras work here is impeccable. The result is an astounding look at the confidence of two professionals in their prime. Its an astounding look at the most iconic pin-up model ever, though the eyes of another, iconic, model.
