Jupiter Kids : Big Book of Many Amazing Mazes Activity Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Big Book of Many Amazing Mazes Activity Book:

0 of 0 people found the following review helpful. Mazes inside are nothing like what's on the coverBy AdelaSanmaeOverall very disappointing. Based on the cover of the book, I was expecting the mazes to be fun - a long spaghetti noodle leading to a lost meatball, for instance. Unfortunately most of the mazes in this book are repetitive black and white squares with a picture slapped in the middle (or the end, depending on the maze type).Also, many of the 'mazes' in this book are actually labyrinths. So if you or your child enjoy that type of activity, this book may be okay. I should also point out that there are only three types of mazes, two of which I've included pictures of, and none of them are in color. Or fun. Or creative. Bummer.This is definitely one of those books I wish I could've flipped through before I purchased it. Though we usually enjoy mazes of all kinds, my kid and I took all of one minute to decide this book was too boring and repetitive to be any fun.

Wow! This book of mazes is a definite must-have at home or in school. Mazes aid in boosting your child's fine motor and visual motor. They also train a child to think strategically, which will be useful in achieving social and academic success. The ability to think ahead and break down complex acts will aid in solving problems, whether they are easy or not. Secure a copy now!

About the Author Jupiter Kid's Books is one of the most unique children's trade book publishers on the market. Specializing in books for kids of all ages from toddlers to young adult readers. Coloring Books, Activity books, Audio Books, Picture Books and eBooks.
