Needed PS3 edition of guidebook which was printed about 5 years ago. Expected it to be difficult to find in "Like New" condition. Received same as described am very happy with all aspects of purchase. Would certainly not hesitate to buy from seller again through .7 of 7 people found the following review helpful. Welcome to Rapture By Thang Nguyen I'm normally into other first person shooters such as Call of Duty and Resistance. With Bioshock, once can't just run around unless they want to die quickly. That's the main reason I purchased the guide after I got the game. The guide is mainly (90%) about

the levels. The rest of the guide is made up of weapons, characters, and items and their functions in the game. There's also a part about inventions that you can make. Not much else was needed. 0 of 0 people found the following review helpful. Five Stars
