From Puzzlewright : Black Belt Crosswords (Martial Arts Puzzles Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Black Belt Crosswords (Martial Arts Puzzles Series):

0 of 0 people found the following review helpful. I'm a little disappointed they're not more challenging By Evelyn Gaspar These are reprints of Saturday puzzles of L.A. Times from 2001 to 2007. Having done just the first several, I'm a little disappointed they're not more challenging .Still they're decent puzzles of some difficulty from a different source than most of the other books available.

Congratulations! You're a true crossword maven and a solver of the highest skill-if you can complete these mind-meltingly tough conundrums. Expect to flex your mental muscles to the utmost!
