Deloris L. Holt : Black History Playing Card Deck before purchasing it in order to gauge whether or not it would be worth my time, and all praised Black History Playing Card Deck:

The important contributions of black Americans come alive in this deck of 55 playing cards, created by Deloris L. Holt, with portraits by Langley Newman. Includes a 64-page booklet of mini-biographies, compiled by Holt. The suit marks are also distinguished by four important fields of endeavor: Human Rights, Science and Industry, Adventure, and The Arts. Cards measure 2-1/4" x 3-1/2".
