This 90-minute DVD features 10 years worth of video documentation of the experimental fashion and object designs

by the avant-garde collaborators Bless. Heralded as one of fashion's most innovative teams, the Paris- and Berlin-based duo of Desiree Heiss and Ines Kaag refuses to capitalize on one milieu. Constantly investigating the boundaries of style, Bless slips between fashion, beauty, interior design, art and advertising, often collaborating with other brands--like Nike and Adidas to name just a couple. Their work, which straddles the line between object and design, high function and high fashion, is always unique and marked by the recycling and adaptation of unexpected items put to use in totally new ways. The films collected here include a fashion show/dinner party; a show where models walked on an intentionally wobbly stage; a collection laid out as a still life; and 12 others.
