The poster was still attached inside, which is the reason I bought the guide. It's framed and it's huge. The guide itself is written very well, with a narrative overtone instead of a standard guide which is "Go here. No go to this town. Fight this guy. Get this item. HEre's a side quest. etc". A fun read on it's own.0 of 0 people found the following review helpful. Love the game but needed helpBy MercedesI was given this game as a

gift when it first came out many years ago. I've loved it ever since. It plays on my PS3 so I decided it was time I got them game again and try to conquer it. However, to do that I must have some help, I'm not proud, I need help with RPGs. If you are like me and need assistance, this is the guide for you. 0 of 0 people found the following review helpful.
