**From Brand: Bloomsbury Reference : Bloomsbury Crossword Solver's Dictionary** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bloomsbury Crossword Solver's Dictionary:

Compiling more than 250,000 crossword solutions including anagrams, proper names, and unusual words, this

essential aid to solving crossword puzzles is organized for a variety of uses. Arranged first by word length and then in alphabetical order followed by phrases, the solutions in this reference are taken from hundreds of real crossword clues. Highlighted cue words alert solvers to different types of clues, such as word reversals. Over 1,000 multiword phrases are also included.

'As an alternative source of suitable definitions for puzzles, this new book is an excellent reference work. For help with all the traditional 15x15 cryptics in the daily and weekend newspapers, this book is wholeheartedly recommended.' 1 AcrossAbout the Author Anne Stibbs is the editor of Crossword Lists. Stephen Curtis is the editor of several language reference books and crossword dictionaries.
