The dictionary is thoroughly upgraded to include words added after 2006, and includes back hooks, front hooks, vowel-heavy words and no-vowel words. My only complaint is the way the anagrams are arranged. For every puzzle, the anagram answers are given under each word. So unless the book is used simply for instruction or study, or you go down the list vertically and conceal the answers as you do the puzzles, you will see the answers. The puzzle workbook answers should have been printed in a separate section in the back of the book. Despite this drawback, I think the book is a

great study tool and I recommend it highly. Hopefully, the editors will consider changing the anagram sections in future editions.0 of 0 people found the following review helpful. 4 starsBy Lorraine JacksonGreat for those Words with Friends players who wish they could look up letter combos! It definitely has a learning curve but is easy to use if you mark/flag those pages you would use the most.

Bob's Bible is the comprehensive distillation of the word knowledge you need to become a superior Scrabble player. It's perfect for browsing, reference or all-out study! It's a must-have for any ardent player of the game, be they beginner or World Champion. Now you can have a champion's word knowledge summarized in one convenient book.
