Tribune Media Services : Boggle Brainbusters!: The Ultimate Word Search Game Book! before purchasing it in order to gauge whether or not it would be worth my time, and all praised Boggle Brainbusters!: The Ultimate Word Search Game Book!:

1 of 1 people found the following review helpful. Great Puzzle Book!By Mary Ann PecciThiks is GREAT! If you like boogle puzzles, but this. There is enough room to write answers on same page as the puzzle. Size format is excellent for tired eyes, too.11 of 12 people found the following review helpful. Great puzzle book!!!By BubblesThis was the first Boggle book that I bought. I absolutely love them because I enjoy the challenge of making as many words as I can. The book starts with a simple 4x4 block of letters and has about 36 lines that you can use to make words. The challenge to me is to try to make double that amount. After a certain amount of the 4x4 grids, they increase to 5x5, 6x6 and then there are a couple of 18x18 grids in the end. Also, on each page there are special "Brainbusters" for you to find. They give the clues and then you have to find the words. Some are easy, some require a bit more thinking. It's

great brain exercise. This is a great puzzle book to have during a lunch break, waiting at the doctors/dentist office, recuperating from an illness/surgery, during a trip or waiting on transportation for the trip or just relaxing at home or even in the park. If like to have fun with letters and words then you will enjoy Boggle Brainbusters.0 of 0 people found the following review helpful. BogglesBy Cynthia M DavisonI get these for my elderly mother. They are great for her - larger print and has the lines to write the words on so you don't need extra paper. She can sit in her recliner and keep her mind busy. Book was in PERFECT condition. Very happy with this seller and their shipping.

Boggle is a worldwide success phenomenon and this collection plays just like the fast paced word game itself. Try to find as many words of three or more letters as you can and form words by joining letters up, down, side to side, and even diagonally. Puzzles are suitable for players aged eight to adultthe whole family will be playing and puzzling for hours with this pocket sized edition.
