**Bill Harry : Book of "Beatle" Lists** before purchasing it in order to gage whether or not it would be worth my time, and all praised Book of "Beatle" Lists:

From School Library JournalYA A combination trivia and Beatles book featuring over 100 lists with thousands of facts and figures on songs, tours and a wealth of Beatle information. For example, there is a complete listing of all of the people who appear on the cover of the Sgt. Pepper album. Teens are likely to spend hours alone or with friends guessing and sharing Beatle facts. Copyright 1986 Reed Business Information, Inc.
