Frank Longo : Brain Aerobics Wordoku 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Brain Aerobics Wordoku 2:

1 of 1 people found the following review helpful. Love Frank LongoBy Deb StanekOk, Frank Longo is the best. These are really clever. It's just a little book though. It's not as good as his big Wordoku book which I found on super sale at a discount store. Hands down he beats the other puzzle authors I have bought.3 of 3 people found the following review helpful. innovative pastimeBy Book aficionodoIf you like Sudoku - then Wordoku is a step forward. This puzzle book

is by no means easy, but unique and helps the mind stay focused until each puzzle is solved. I am amazed at the words below each puzzle (as a help or guideline) AND at the end answers! Very, very innovative

great! enjoy working with letters instead of numbers, more challenging!

Keep your mind fit with brain aerobics! If you like great mental exercises, try brain aerobics. All you have to do is open this book, lift a pencil, and flex your mind while solving this assortment of invigorating puzzles. In Brain Aerobics Wordoku 2, you'll need to combine logic with wordplay skills to succeed. Wordoku is the same as sudoku, except letters are used instead of numbers. Plus, when the puzzle is correctly solved, a nine-letter word will appear somewhere in the grid!
