Reasoning and planing are also required. It is a great tool to enhance your studies and make the brain work too.13 of 13 people found the following review helpful. Bible PuzzlesBy BBFun book to test your Bible knowledge. Large print easy to read, and at a very reasonable price. I would highly recommended this for the people that want to see how good there knowledge of the Bible is.8 of 8 people found the following review helpful. Bible CrosswordsBy Linda HendersonI really couldn't put it down! There's a variety of puzzle types, some of which I like better than others. But the actual crosswords give you the chapter and verse to look up when you don't know the answer, so I've been spending more time with my Bible than usual. A very good unintended consequence!

Brain Games: Bible Puzzles offers an entertaining way to showcase your Bible knowledge and also give your brain a boost. The book, part of the hugely popular Brain Games series, is filled with an array of puzzle types that are designed to stimulate different parts of your brain so that it remains strong and healthy. You'll enjoy brain-builders such as word searches of Biblical terms, anagrams about the books of the Bible, and a Bible trivia challenge. We all know that puzzles are fun to solve. But working a crossword puzzle or finding your way through a twisting maze has more benefits than you might think. Brain Games: Bible Puzzles is designed to make you feel the burn (mentally, of course) by working different cognitive functions: Attention Analysis Language Logic Memory Planning Spatial reasoning Visual logic. Divided into five levels, the book's nearly 200 puzzles progress from easy to difficult. All the mental exercises in Brain Games: Bible Puzzles are Bible-related and are sure to provide hours of enjoyment. What's more, the book is spiral-bound and easy to handle, which means that you can tote it anywhere.
