Great Puzzle bookBy Happy CustomerI brought a few of these picture puzzle books and this one was really neat. Really a nice book and love the pictures from way back. Glad I got it and will be getting more.

Brain Games Picture Puzzles: Remember When? takes you on a trip back to the twentieth century as you put your

powers of observation to the test. Two nostalgic pictures that seemingly are identical are presented together, but subtle changes have been made to one of the pictures. It's up to you to spot what has been altered. The book is divided into four sections of picture puzzles, each progressively more difficult. Can't find all the changes? No problem -- solutions to all the puzzles are provided in the final section of the book. The picture puzzles feature photos that inspire nostalgia for the fads, fashions, and familiar faces of decades past. The book's vintage photos include: Route 66 road stop, 1970s protest parade, a soda shop, 1940s family room, Sesame Street, a roller skating rink, and more! Brain Games Picture Puzzles: Remember When? has a soft cover and is spiral bound. Take it along wherever you go for both entertainment and a mental workout. The Brain Games Picture Puzzles series was developed to challenge the powers of observation and stimulate the ability to focus and concentrate.
