About 24 two sided pages with dot-to-dot, mazes and coloring book for 3-5 year olds. A total rip-off.0 of 0 people found the following review helpful. Five StarsBy AhmoonGreat fun for kids

A puzzle book focused on brain games and picture puzzles would improve one's problem solving techniques and ability. By going through each puzzle, the person is training their brain to solve different problems in different manners. This requires them to use different parts of their brain as well as different parts of their motor skills. Such a

puzzle book would also reduce stress and help one to focus.
