I was not I was familiar with any of these puzzles - which wasn't a bad thing. Pro's - Easy to read print. Each page has a puzzle so has plenty of work space if you need it. Wide variety of puzzle types. Con's - barely any direction how to solve. I had to go on-line for more information. These puzzles are not for beginners so I printed a couple of easy puzzles of each type, solved them, then returned to the book. It is more challenging than I was expecting. A good learning experience.0 of 2 people found the following review helpful. Five StarsBy Mary LThis is great fun.
