Mel Rosen : "P" Is for Panda Easy Crosswords: 72 Relaxing Puzzles before purchasing it in order to gage whether or not it would be worth my time, and all praised "P" Is for Panda Easy Crosswords: 72 Relaxing Puzzles:

1 of 1 people found the following review helpful. I wouldn't call these crosswords "easy"By M. BergleeI have been happy with some of the earlier crossword puzzles in this series, but the crossword puzzles here are too difficult to be fun. The clues are cryptic -- usually one-word -- and not very helpful. I am not an expert puzzler; it's a hobby for me, and I want to have fun doing the puzzles. "H is for Holstein" was just right for me because I could get at least some of the answers and then figure out the rest. "P is for Panda" is just an exercise in frustration for me. If you can do these puzzles, pat yourself on the back for me. I'm impressed. Just for clarification, there is nothing wrong with the quality of the book and I have not found mistakes -- but I haven't found much fun, either.1 of 1 people found the following review helpful. Not as easy as promised!By AlexA good number of answers to the clues are words I've never even heard of (and I have a graduate degree from a Top 10 private university). So, not as relaxing as I'd like. There are no obvious answers are there are in some actually easy crossword books from this publisher.0 of 0 people found the following review helpful. "P" is actually for "Pass on this one."By RonDon't waste your money on this book. The

clues are of little value, and the answers themselves are overwhelmingly obscure, foreign, or nonsensical. There are so many better choices than this worthless collection.

Had a demanding day? Recharge those mental batteries with the 72 stress-free daily-sized puzzles in *P Is for Panda Easy Crosswords!*

About the Author Mel Rosen has sold puzzles for over 40 years. He co-wrote two sought-after crossword-constructing manuals, cofounded the CrosSynergy crossword syndicate, and, for more than 25 years, edited crosswords for several publishers. Mel also wrote the first computer program to help puzzle writers.
