**Martine Buchet : Panama: A Legendary Hat** before purchasing it in order to gage whether or not it would be worth my time, and all praised Panama: A Legendary Hat:

1 of 1 people found the following review helpful. Great book, you have to be into hatsBy Ramon BalboaGreat book, you have to be into hats. Some of the best ones I have seen are from The Figuier.3 of 4 people found the following review helpful. Paula Calvert, Bailey of HollywoodBy Paula CalvertI received this book for educational purposes and read the entire book cover to cover upon opening. The photography is beautiful and some parts brought tears to my eyes! I have a new and profound respect for these beautiful artisans and their craft. The weaving of a panama hat is truly an art. I now look at panama hats in a whole new way!1 of 1 people found the following review helpful. Three StarsBy Jonsadly the dust-jacket on this otherwise beautiful book was damaged in shipping, otherwise the book is as described.

Since the 19th Century, the Panama has been a symbol of elegance. Now it has finally been given its own book. From Roosevelt to Churchill, Napoleon to the Duke of Windsor, the Panama hat has been donned by some of the world's most distinguished people. In the process, the myth of the Panama was created. Taking us beyond the myth, this volume offers for the first time an examination of the hat's remarkable history, production process, and variety of shapes, evoking all the while the grace of living in its country of origin: Ecuador. Panama seeks to pay a fitting tribute to the aristocrat of straw hats.

A book that pays a well-deserved homage to the Panama. It is beautifully done and perfectly illustrated. --Vogue
