Isabelle Thomas, Frdrique Veysset : Paris Street Style: Shoes before purchasing it in order to gage whether or not it would be worth my time, and all praised Paris Street Style: Shoes:

0 of 0 people found the following review helpful. What to wereBy P SwartoutFun. Learned what shoes go with different clothes and all the different shoe styles to choose from.0 of 0 people found the following review helpful. helpful and useful.By bunnyEntertaining, helpful and useful.7 of 7 people found the following review helpful. The book's title says it all for me!By StinaFantastic! I discovered this book today by accident and couldn't believe my

luck...Paris!...Street style!...Shoes! Three of my very favourite things in the one volume. I'm a big fan of the first book and didn't know this new book existed. , why no recommendation? I bought it right away. It's wonderful just like the first book, though perhaps not as bossy boots. I especially love the tips and ideas for wearing socks with heels and with men's lace up style shoes. I've been wanting to do that for a while. The photo of the tan heels and bronze metallic socks with the pants suit outfit is completely excellent. This is the only book I've ever come across that makes these intriguing suggestions on colour/texture of socks to wear with various shoes. Yes I'm a bit over excited about this perhaps, but it is late on Saturday night and I have a burning desire to go and play with my shoe collection :)

With their signature, opinionated sense of style, Thomas and Veysset, the authors of the bestselling Paris Street Style, explore the significance of the shoe as fashion icon and its deeply French origins, providing expert advice on the selection and upkeep of footwear as well as perfect outfit pairings. In addition to anecdotes on the history of shoes, Thomas and Veysset incorporate the commentary of Ins de la Fressange, Christian Louboutin, and other important French models, collectors, designers, and more. Offering inspiration on every kind of shoe for every occasion, more than 120 vibrant street-style photographs (plus 25 fun illustrations) reveal which shoes Parisian women are wearing today. Concluding with a Paris shopping guide, this book is the ultimate tribute to shoes in the city where they are worn the best.

About the Author Isabelle Thomas is a personal coach, stylist, and journalist. She writes the blog Mode personnelle. Frdrique Veysset is a fashion photographer who contributes to Allure, Vanity Fair, Glamour, and more. Thomas and Veysset are the authors of the bestselling Paris Street Style.
