**Martin Harrison : Parkinson Photographs, 1935-1990 (English and Spanish Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Parkinson Photographs, 1935-1990 (English and Spanish Edition):

For more than 50 years, Norman Parkinson was one of Britain's leading exponents of fashion and portrait photography. This book, published with the co-operation of his estate, ranges from his early ground-breaking fashion work for "Harpers Bazaar" in the '30s to his work for "Vogue" in the '40s and '50s, his views of 1960s London, his later work for Town Country and a selection of his portraits. It also includes many unfamiliar works from Parkinson's extensive archive.
