If you are a fantasy nut and love deck builder games you are going to love this game. So far all I have done is play pathfinder solo but will be incorporating it into my game night soon. This is one reason I love this game, you can play it alone to get your game fix between gaming nights. Get this game and the add on's, you will not be disappointed.0 of 0 people found the following review helpful. Five StarsBy JessQuality product0 of 0 people found the following review helpful.
