**Paizo Staff : Pathfinder Cards: Pathfinder Society Face Cards Deck** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pathfinder Cards: Pathfinder Society Face Cards Deck:

There is a good variety of male and female humanoid characters. The backs of the cards feature names and some descriptions. Mostly, I put sticky notes with my own made-up attributes on the backs of them. The overall print of the packaging and cards is clean and bright. The packaging is thick and provides the right amount of protection for the cards. For the cards themselves, the cut is centered, and the price for variety is about right. I think I knew what I was getting into when I bought this deck--namely, what was in it and what was not. Yeah, I'd like to have more cards, but Pathfinder offers other interesting decks. At some point in the future, I'll probably invest in some of them just to add to the variety of people and monsters I can bring into the game.

Initially, I thought I'd only play with a handful of these NPCs, but as I shuffle through the deck, I'm always coming up with new stories for the faces. So here's my only complaint: The cards feel the slightest bit lightweight. I might describe them as just slightly more bendable than a playing card or a card from a nice Euro board game. When you play a lot of games, you start to get a sense for these kinds of things. I suppose they start functioning like a minimum standard of quality. I would really have liked to have something a little more durable. Still, for what these cards have to offer, they're a great buy. 0 of 0 people found the following review helpful. These cards are fantastic!...By B. Laue  
These cards are fantastic! It is so much easier to recognize an NPC by face, and name, than name alone... Highly recommended! Cheers!
