Jason A. Engle : Pathfinder Map Pack: Sea Caves before purchasing it in order to gage whether or not it would be worth my time, and all praised Pathfinder Map Pack: Sea Caves:

4 of 5 people found the following review helpful. Fantastic...By W. C. RhodesI own a dozen of these Map Packs, produced over the past five years (older ones are not laminated). I will be buying several more. Paizo's products are superior. I do own two of the Flip Mats, and find those more difficult to work with unless you have a clear

Plexiglas/Acrylic covering over them. I prefer these card stock tiles much more as I can CUSTOMIZE the scene for the setting or play space, the flip mats require more table space. These can combine with other sets as well and thus open MANY MORE OPTIONS. Do know that, not being covered they may move during play incidentally. I would gladly take that versus the thicker DnD boxed map tiles as the Map Pack requires much lets to readjust. The ARTWORK easily compares to them, and thus make a better product overall. I use both figures (metal/plastic) and Steve Jackson's Card Board Heroes (with stands) but prefer the latter.0 of 0 people found the following review helpful.
