My only complaint is that there are many characters not represented in this collection. We were already in the second Giantslayer book when these were purchased for our group, and it turns out that many tokens are just for the first book :(0 of 0 people found the following review helpful. Great addition to my Pathfinder collection. Makes owning lots of miniatures affordable.By CustomerGreat art work for the most part, some of the pawns look a little cartoonish but overall loved the art. I wish the pawns came with stands instead of those being sold separate, however.0 of 0 people found the following review helpful. Five StarsBy Customergreat
