Good grief, the gangs all here! Charlie Brown, Lucy, Linus, Schroeder, Sally, and, of course, Snoopythese cherished characters from the most popular comic strip of all time meet the magic of Scanimation. Ten memorable scenesin clear and colorful Scanimations, with smooth-flowing, detailed imagesare brought to life in the book, each accompanied by the inspiring words of wisdom from Charles M. Schulz that make PEANUTS so special. Charlie Brown runs to launch his kite, with the caption Sometimes there are things you just cant resist doing. Snoopy does his happy dance: To dance is to live. Lucy skips rope: Life is more than just lying around. Plus Schroeder plays the piano, Snoopy battles the Red Baron, Sally dances with Linus, and Charlie Brown tries to kickand of course, as he will for all eternity, missesthe football. PEANUTS is one of the most beloved and best-known brands of all time. Every day over 45 million people read the strip; its animated specials have aired on television for the past fifty years (growing in popularityA Charlie Brown Christmas was the highest-rated prime time special in 2012); it has millions of Facebook fans; and in 2015, to celebrate the 65th anniversary of PEANUTS, 20th Century Fox will release a 3D animated movie. And now, Scanimation. Its PEANUTSfunny and wise and beloved, forever a part of our liveslike youve never seen before.

About the Author Rufus Butler Seder is an optical genius whose first significant invention was Lifetiles, glass-walled murals that appear to come to life when the viewer walks by. He's installed them at the Smithsonian, SeaWorld, Union Station, and other museums, aquariums, train stations, and ocean liners around the world. Next came Scanimation, and his company EyeThink, Inc., a business that produces a line of toys and gifts using technologies he's invented. Mr. Seder lives in Boston, Massachusetts.
