Always a great mind sharpener!By Mary TomI like these types of crosswords puzzles since it is everyday TV, Movie activities that can keep your mind active similar to the TV Guide crosswords. The reason for the 4 stars is that they added the other puzzles that are fillers. The "find a word" are not challenging and sudoko version are not used and they go to waste. I would prefer just a book of crossword puzzles and not the other "stuff".7 of 7 people found the following review helpful. Best Puzzler EverBy Julie DeatonI usually don't leave reviews for items, but this one is a must. I have bought all the People Puzzle Books that have been out. I like this one, in particular, because it contains all crosswords. The first ones that came out were like this and then they changed to a variety of puzzles. This one is really great because I love the crosswords more than the others, and they are really fun to do. I wish all of the future ones would be like this one!5 of 5 people found the following review helpful. Great FunBy KalikatI am thoroughly enjoying this book. The puzzles are not current (hence the "Classics" title) which

works great for me, as I'm not really up on a lot of the current celebrities, shows, and movies. It contains almost all crossword puzzles (with a few Second Look picture comparison puzzles) which is what I enjoy. I was disappointed to find another book I bought had all kinds of puzzles that really didn't interest me much. I will admit to buying People mostly for the crossword puzzle!
