**People Magazine, Editors of People Magazine : PEOPLE: Entertainment Almanac 2001** before purchasing it in order to gage whether or not it would be worth my time, and all praised PEOPLE: Entertainment Almanac 2001:

If you have ever bought an almanac you will notice that the data is one year older than the date on the cover. So if you buy the 2001 almanac you won't get all the

data from 2000. That's why we bought the 2001 so it would have all the data through 1999. But time marches on and now it's time to get another almanac. has a wide array of almanacs both new and used. Beware that if you buy a 2012 almanac that it won't even have all the data from 2011. But it should have all the data from the 00 decade. If you are a sports nut this isn't the almanac to buy. I'd get the Sport's Illustrated Almanac.
