**Editors of People Magazine : People: Styles of the Stars** before purchasing it in order to gauge whether or not it would be worth my time, and all praised People: Styles of the Stars:

In **STYLES OF THE STARS**, People Magazine celebrates the greatest style setters who launched trends or embodied them. Here are Princess Diana, who reinvented the role of Princess, and Madonna, who reinvented the role of sexy vamp. Then there is Fred Astaire, who made elegance manly and Tiger Woods, who made golf cool. The style setters include classic creators like Coco Chanel, who modernised women's fashions, and Marlene Dietrich and Katharine Hepburn, who introduced a touch of androgyny into Hollywood sex appeal. The list includes today's trend setters

including Britney Spears and Gwyneth Paltrow. *STYLES OF THE STARS* also celebrates America's fascination with blondes and the allure of Red Heads. It traces the evolution of the female action heroine, from Annie Oakley to Lara Croft, and presents a fully illustrated guide to trend-setting hairdos, including the Farrah flip, the Dorothy Hamill bon and the Jennifer Aniston shag.
